MOON SPIN EXPERIENCE

At Moon Spin, our dough is made fresh every day. Each dough ball is shaped by hand and proofed for over 60 hours before we spin it into a delicious pizza. Our sauces are home made with the best tomatoes we can find. We use only Roma tomatoes which are picked and packed fresh and only in season, without additives, concentrate or pastes. We grind our own fennel seed, we grate our own cheese, we grow our own basil and with it we blend our own pesto. When in season we grow our own tomatoes and greens for our salads. We insist on creating the best salad dressings to pour over the freshest salad greens we can gather. The breadsticks are rolled and cut to order. Nothing is pre-made. We carefully choose our wines and our beers to compliment our menu. We buy organic and local as much as we possibly can. Even most of our paper products are "green." We are passionate about our desserts which we make in-house and from scratch. From dough to dessert all of our recipes are of our own creation. We are dedicated to the art of pizza making. For us, pizza is not fast food; Pizza is fine food!

WE HOPE YOU ENJOY THE DIFFERENCE!
